

# EH&S Facility

UC Santa Cruz

Engineering 2

## Site 1

### Advantages

- 1 No buildings or functions to relocate
- 2 Edge site compatible with LRDP
- 3 Relatively good site access
- 4 Good visibility
- 5
- 6
- 7
- 8
- 9
- 10

### Challenges

- Possible geotechnical issues (Eng. 2)
- Limited opportunity for growth
- Baskin loading can block road access
- Fume exhaust may require tree removal
